It has been quite the year and has been challenging for many including the CJHA. It was very unfortunate that we had to make the decision to cancel Bonanza for 2020 in Brandon, Manitoba. This was a very hard decision to make, but with it, the CJHA knew we had to do something for our juniors to participate in. With this, we decided to host Virtual Bonanza 2020. It has taken

much planning by many people and many hours have been put in. I would like to thank everyone who has helped plan and has stepped up to the plate to put it all together for the juniors. I would also like to thank all of the sponsors and judges who helped us make it all happen. Lastly, I would like to thank all of the juniors who put in the time to participate in Virtual Bonanza 2020. You all worked

very hard and should be proud of the videos you produced to enter the competitions. You have built new skills you will hold for a lifetime and have been able to overcome the challenges we have faced. Congratulations to all the participants!
