

CJHA Heifer Lottery Project

Introduction

The CJHA Heifer Lottery Project is a collaborative effort between the CJHA and supporting Hereford breeders and sales managers. The purpose of this project is to offer a unique opportunity for CJHA members to access desirable genetics to build and improve upon their own foundation herds. This is accomplished through the tremendous support of Hereford breeders across Canada buying into the program and establishing a pool of funds which are divvied up into Heifer Lottery Vouchers. These Heifer Lottery Vouchers are available to all active CJHA members and are won through a draw at Bonanza. They are used to offset the purchase price of young heifers offered at recognized Heifer Lottery and private treaty Breeder Sales.

Recently, the CJHA has expanded the Heifer Lottery Project to include more opportunities for juniors to showcase their Heifer Lottery purchases and promote the Hereford genetics made available through this project. With the addition of a Heifer Lottery Show at Bonanza, juniors are able to show these females across Canada. The Heifer Lottery Project complements the other 2 herd-building programs that the CJHA offers; the Semen Donation Project & Show and the Bred & Owned Show. CJHA members are encouraged to participate and capitalize on the programs available.

It is possible with a purchase of a heifer calf in the fall through Heifer Lottery project, to have that animal inseminated as a yearling with semen acquired through the Semen Donation Project, and show as a Yearling Heifer in the Heifer Lottery Show. The following year, with calf at side, this female and its offspring would be eligible to show in the Heifer Lottery Show; 2 year old cow with calf and the offspring could be shown in both the Bred & Owned and Semen Donation Shows.

Rules governing use of Heifer Lottery Vouchers, Transfer/Ownership and Show Eligibility is printed on the back. Questions? Please contact cjha@hereford.ca
